MAX SPEEDING RODS

ABOUT US

Established in 2006, maXpeedingrods has been engaged in the research of overseas racing products and culture. maXpeedingrods has strong capability of independent research & development, industry-leading capacity of quality control and perfect logistics and after-sales service system.

Research Department of maXpeedingrods has been dedicated to the academic research of modified car performance and invested considerable manpower and material resources in continuous improvement of modified car performance indexes. maXpeedingrods has modern laboratory, production and testing equipment and advanced techniques, and mainly researches and develops various performance products such as high-performance modified car's connecting rod, crankshaft, turbocharger, coilover, air suspension, air pump and control arm. maXpeedingrods has more than 4 millions of audience and enjoys relatively high popularity in the global modified car market. Its products cover 60% of the mainstream vehicle performance tuning categories. Currently, maXpeedingrods has accumulatively researched and developed over 5,000 high-performance modified car parts and obtained many technical patents. Lots of research results have been converted into volume production and delivered to global modified car enthusiasts.

maXpeedingrods always uphold the development concept " FOCUS ON PERFORMANCE " to make contributes to domestic and overseas car tuning enthusiasts and the global racing culture by excellent products and service.

01 R&D and production

We have Modern laboratory, production and testing equipment and advanced techniques, With **15** hi-tech performance parts production lines and **861000** ft² factory. We have been awarded the **TÜV NORD ISO9001-2015** Quality Certification.

03 Intellectual property

We attach importance to intellectual property rights and have a professional team of intellectual property rights. So far, we have more than **500** intellectual property rights and more than **30** trademarks.

We have branches in the US, Thailand and Hong Kong. **30+** warehouses in the US, Canada, Mexico, UK, Germany, France, Italy, Spain, Russia, Australia, Japan, Thailand, etc.

02 Overseas branches

04 International cooperation

We cooperate with the top racer in **BTCC—Tom Chilton**, and have sponsored more than **20** racers from all over the world.

REPAIR TOOL KIT

- Wide Application
- Easy to Storage and Carry
- Labor And Time Saving
- High Quality For Long Lasting

• PAYMENT

PayPal, bank transfer and credit cards.

Buyer is responsible for all duties, taxes, and other charges payable.

• PRICE & SPECIFICATION

1. All prices are subject to change without notice.
2. All product descriptions and specifications are subject to change without notice.
3. We reserve the right at any time to modify or discontinue the Service (or any part or content thereof) without notice at any time.
4. We shall not be liable to you or to any third-party for any modification, price change, suspension or discontinuance of the Service.

• SHIPPING

1. Order will be processed and shipped as soon as possible once the payment is completed.
2. Tracking number usually will be uploaded within 24 hours once the parcel has been dispatched from our warehouse.
3. The normal Shipping time usually takes 3-7 business days when products are available in local warehouses, while 5-25 business days to International addresses.
4. The shipment for back order and custom products will need a longer time, approximate 2 months.
5. The shipping cost is non-refundable under any circumstances.
6. Please do not sign up any package which is left-open or damaged. For shipping damage case, please file a claim file with your local shipping company and provide us the case number, we will try our best to open an investigation with our shipping partner.
7. Local self-pickup service is available for delivery address within California USA.

• CUSTOM MADE SERVICE

Customized service for Connecting rods, Coilovers and Crankshaft is available. Please feel free to contact us via email or phone call about your custom requirements.

• RETURN POLICY

We are committed to providing quality products to all customers.

Please note: No return service is available for non-manufacturer quality issues.

We only accept returns and exchanges for:

1. Product quality issues
2. Transport damage
3. We shipped the wrong item

For returns caused by consumers, the freight will be borne by consumers.

If the goods received are damaged or incorrect due to our reasons, consumers do not need to bear the resulting shipping costs.

WARNING:

All manufactures names, numbers and descriptions only are shown for reference.

It doesn't mean that these products are original. The products that indicated in the catalog are aftermarket spare parts.
